

## Prescription Medications While Overseas

Are you looking for a convenient way to receive prescription medications while overseas? EPS is designed to provide expatriates convenient access to prescription drugs where quality can be compromised if purchased locally, or if the prescribed drug or dosage is not available. We deliver to most countries around the world, right to your door, helping you avoid high shipping fees and customs issues. We are happy to serve as your personal prescription concierge service.

## We proudly offer the following as part of our EPS concierge service:

### Experience

EPS has a licensed pharmacy staff with over 40 years of experience working with shipping services to eliminate delivery delays due to customs issues.

### Cost

EPS will provide exceptional savings to your overall costs. The savings to our clients' overall prescription costs is up to 20%.

### Service

The EPS member service team is dedicated to providing personalized attention and service to your members' needs. There will always be a dedicated account specialist to provide helpful and accurate information.

### Delivery

EPS uses safe and reliable delivery carriers and all orders can be tracked online. EPS provides delivery service to most countries worldwide.
